DETERMINATION OF NONSIGNIFICANCE
ISSUED BY
DOUGLAS COUNTY
TRANSPORTATION & LAND SERVICES

Description of proposal:

The review and adoption of the six-year transportation program proposal is a State requirement and will implement the goals, policies, design criteria and land use maps of the comprehensive plans and transportation element in accordance with RCW 36.70 and 36.70A. The six-year transportation program identifies 25 funded and unfunded proposals to occur between 2014 and 2019, unless otherwise amended through the normal comprehensive plan amendment process and annual review of the six-year transportation program. Proposed projects are located in a wide range of geographic areas throughout the County including rural or urban areas; shoreline jurisdiction; critical areas; areas designated as agriculture; residential; and commercial. Additionally, some proposed projects include new road segments, additional right-of-way widths, road re-alignment, road reconstruction/surfacing and major/minor grading activities.

Proposed projects will be further evaluated during the design phase in accordance with local, state, and federal law. Further environmental review and analysis will be conducted in accordance with the State Environmental Policy Act (SEPA) and/or the National Environmental Policy Act (NEPA), prior to the start of construction of each project/proposal.

Proponent: Douglas County

Location of proposal: The plan will affect all areas of Douglas County.

Lead Agency: Douglas County Transportation and Land Services

The lead agency for this proposal has determined that it does not have a probable significant adverse impact on the environment. An environmental impact statement (EIS) is not required under RCW 43.21C.030(2)(c). This decision was made after review of a completed environmental checklist and other information on file with the lead agency. This information is available to the public on request.
