April 8, 2020

To: Douglas County Commissioners
From: Barry Kling, Administrator
Subject: Resolutions CE No. 20-26B and TLS 20-22B

Thank you for including me in today's discussion of the Douglas County Board of County Commissioners regarding Pre-existing Home Sales During the COVID-19 Stay Home Stay Health Governor Proclamation.

I believe that the emphasis in this measure on continued observance of social distancing and worker protection guidelines is very helpful and will largely mitigate any additional COVID-19 exposures that might occur in projects that would have otherwise been suspended. I also note that that the Board of Commissioners looked carefully at the Governor's proclamation in crafting this measure, and the measure applies only to a limited group of qualifying projects.

Chelan-Douglas Health District is committed to addressing this issue within Douglas County in compliance with the directives of the Douglas County Board of County Commissioners. We will depend on County staff to determine whether projects meet the requirements of the measure. If there are projects that do not meet these requirements but continue operation we will be happy to cooperate with County staff in working with those projects to achieve compliance.

Please do not hesitate to let me know if there are related issues you would like to discuss further.

A handwritten signature in blue ink, appearing to read "Barry Kling".
