GREATER EAST WENATCHEE STORMWATER UTILITY 2018 Stormwater Utility Service Charge

Douglas County and the City of East Wenatchee administer a Joint Stormwater Utility. Developed parcels within the Service Area are subject to an Annual Service Charge. The Service Charge is determined by the type of developed parcel and/or the impervious surface on the developed parcel. The Service Charge is based upon Equivalent Service Units (ESUs). As an example, a single family residential parcel is assessed one (1) ESU. The number of ESUs on a commercial parcel is determined by dividing the area of impervious surface in square feet, by 2750. For example a commercial parcel with 12,000 square feet of impervious surface would be assessed four (4) ESU's. $(12,000 \div 2750 = 4.4)$

The Stormwater Utility Service Charge Bills are mailed to property owners in the same envelope as the tax statements. The Utility Service Charge is due and payable on or before **April 30th**. Payments that have not been remitted are now past due and are accruing interest.

Property owners that have not yet paid the 2018 Utility Service Charge will be receiving a reminder letter from the Utility noting the current balance of the Service Charge, including interest. The deadline for remittance of the payment will be noted, after which collection of delinquent payments will be pursued via private commercial collection agency.

In some instances there is a miscommunication between the property owner and the mortgage company with respect to payment of the Utility Service Charge. The reminder letter from the Utility is provided so that property owners can coordinate with their mortgage company as needed to resolve payment questions to bring the parcel current on the Utility Service Charge.

If you have questions on how remit your payment (via mail or online) you may contact the Treasurer's office at **(509) 745-8525**, or visit the Douglas County Treasurer web-page. www.douglascountywa.net/

If you have any questions or concerns regarding your parcel as it relates to the Storm Water Utility, please contact the Greater East Wenatchee Storm Water Utility at **(509) 886-3728**.
